This is where economy starts.

Food industry in the Mecklenburg Lake District

- Immediately available industrial and commercial areas of 1,000 m² to 127 ha in Germany's largest rural district
- Best investment climate with attractive funding conditions for investment, innovation, digitalisation, qualification among others
- Favourable trade tax rates; swift approval procedures; low cost level
- High life quality in a historically developed landscape with plenty of touristic, natural and cultural highlights
- Extensively available childcare free of charge; various recreational opportunities and offers; attractive and affordable housing options
- Modern infrastructure to roads, tracks, air and water in the hub between Central, North and East Europe
- Interesting branch and company mixture: food and nutrition; agriculture, forestry, fishery; commerce; services; logistics; medical and health industry; tourism, engineering; metalworking; vehicle supply industry; construction industry and building materials industry; renewable energies
- Attractive perspectives for qualified workers and managers; future-oriented research institutions; functioning practical networks; short distances between strong partners

Strong branch cluster of the future branch Food and nutrition

- Industry-specific oriented college and research institutions
- Large dairies and cheese factories
- Basic material production (e.g. pectin)
- Potato processing and finishing
- Brewery, large bakery, pasta production
- Meat and sausage production
- Specialised service providers and regional branch networks
